14TH ANNUAL KIDS' BIKE SWAP

Bike Works, Columbia City's nonprofit bike shop and youth bicycle education organization, is holding its 14th annual Kids' Bike Swap on Saturday, May 8th, 2010, from 10 am – 4 pm at Genesee Playfield (43rd Ave S and S Genesee St). This annual event is an opportunity for families to trade in a bike their child has outgrown for a larger bike for the summer riding season! The Kid's Bike Swap helps to facilitate the flow of affordable bicycles within the community while simultaneously keeping fully functional bikes out of our local landfills.

At the swap, each bike that is brought to be swapped is assigned a trade value, which can then be applied towards a "new" bike. If the chosen bike's value exceeds that of the trade value the "customer" is responsible for the difference. Typically, when a bike is exchanged, the "customer" is able to take home a newly recycled ride for \$12 or less. Families looking to buy a bike, who do not have a bike to trade in, are welcome to come after 12 pm.

This year's Swap is also being sponsored by the Bicycle Alliance of Washington, who will be running a safety rodeo at the event. Children's Hospital will be providing free helmets and there will be a "Family Bike" expo, with examples of different bikes and trailers that allow families to be car free.

SEATTLE YOUTH COMMISSION DEADLINE IS MAY 12, 2010

We are now recruiting for the 2010-2011 Seattle Youth Commission. Applications will be accepted until **Wednesday**, **May 12**, **2010**.

The Seattle Youth Commission (SYC), formerly the Mayor's Youth Council, connects and engages Seattle's youth in the City's civic participatory process, exposing our elected officials to the voices and perspectives of YOUTH. This is a great opportunity for young people to develop their leadership, facilitation and public speaking skills and

network with City Lawmakers, local community leaders, and other youth.

Youth Commissioners are expected to:

- Organize a series of youth community meetings
- Research, construct, and present policy recommendations to the Seattle Mayor and City Council
- Participate in the planning of the annual Seattle Youth Town Hall

For more information about the Seattle Youth Commission and to download the application go to www.seattle.gov/neighborhoods/syc

If you have some students you think would be interested in this program or who you think would particularly benefit from this program, please connect them to this opportunity!!!

Youth Commissioners have the potential to earn 60+ Service Learning Hours through their involvement in SYC.

REQUEST FOR PROPOSALS FOR THE 2010 SUMMERT ARTS IN THE PARK PROGRAM

Seattle Parks and Recreation is seeking individuals, groups, or organizations that best demonstrate their ability to provide culturally relevant, safe, and reliable programs to the community through the Summer Art in the Park Program. This program is designed to offer elements of academic alignment to help reduce summer learning loss; build self esteem and self efficacy; promote cross-cultural experiences; build ongoing participation; welcome drop ins; and support the Mayor's Youth and Families Initiative. A maximum of \$8,400 can be allocated for each park for the season.

The Summer Art in the Park Program is limited to the following Parks and Recreation locations: Othello Playground, Powell Barnett Playground, Judkins Playfield, and Maplewood Playfield. The focus of this program is to provide fun, innovative, curriculum based visual and performing arts that will have a positive impact on the children, families, early childhood education facilities, and community centers of the central and southeast neighborhoods of Seattle. The deadline for the Request for Proposal (RFP) is Friday, May 7, 2010.

For more information, please call Daisy Catague at 206-615-0303 or visit http://www.seattle.gov/parks/partnerships/rfp.htm

NEW MARKET S TAX CREDIT PROGRAM

This week, the city of Seattle officially launched a \$40 million federal New Markets Tax Credit (NMTC) Program that will provide low-cost private financing to Seattle businesses. The launch is a result of close collaboration between the Seattle City Council and Mayor Mike McGinn, lead by City Council President Richard Conlin. Seattle's allocation of NMTCs will be invested in commercial and mixed-use projects in neighborhoods exhibiting economic distress, as determined by the federal government.

Potential areas for NMTC investment under this program include select North Seattle neighborhoods, the downtown business core, manufacturing and industrial centers, parts of Capitol Hill and the Central District, and large swaths of the Rainier Valley. To learn more about the program, visit

http://www.seattle.gov/EconomicDevelopment/business_incentives.htm

SEATTLE NEIGHBORHOOD WEATHERIZE EVERY BUILDING INITIATIVE

The city of Seattle will receive \$20 million from the U.S. Department of Energy's "Retrofit Ramp Up" program, a competitive grant program funded through the Energy Efficiency and Conservation Block Grant (EECBG). Seattle was one of only 25 communities to receive a Retrofit Ramp Up award, from more than 150 cities that applied to the program. Seattle's award will support the creation of the Seattle Neighborhood WEB (Weatherize Every Building) Initiative, a targeted energy efficiency retrofit effort in the city's most culturally and economically diverse community stretching from the downtown core to the Rainier Valley.

SMALL SPARKS COMMUNITY DEVELOPMENT FUND

Do you have ideas for building community that could use up to \$1000 from the City's Small Sparks program? Small Sparks seeks to bring together new people. The goal is to get new people (e.g., recent immigrants, youth, seniors, and people with disabilities) involved in creative small-scale community building initiatives. If you have any ideas we would love to hear about them, and share information about the program with you! Email your ideas to Yun Pitre at yun.pitre@seattle.gov.
